Summary Report

Swami Vivekananda is recognized for promoting interfaith understanding and for playing a significant role in bringing the Indian concepts of yoga and Vedanta to the west. He founded Ramakrishna Math and the Ramakrishna Mission and was a leading follower of the saint Ramakrishna of the 19th century. Swami Vivekananda's philosophy influences the nation and people of India. Students are also influence and motivated by his speech and books.

From this point of view Tamilikula Mahavidyalaya organized a seminar for students on the topic of "Impact of spiritual values in the student's life". That raises the students' awareness and discipline in daily life. Swami Ekavasana Ji Maharaj, Assistant Secretary, Tambat, Ramakrishna Math and Ramakrishna Mission, gave a lecture as a special guest on this day (14.09.22) at seminar hall of the Tamilikula Mahavidyalaya in presence of more than 250 students and faculty members.

8. Assessment Procedure

The assessment procedure was divided under five heads, i.e. theory, song, recitation, dance and acting. A question paper containing Full Marks of 50 with allotted time of 1 hour was framed from the theoretical part of the course and test was taken. Then in the practical part the students were instructed to prepare for song, recitation, dance and acting.

9. Summary Report

The scope of Sanskrit as a subject is very vast. It is not possible to include all the related topics of Sanskrit in the curriculum of two years PG course with four semesters. The students of Sanskrit have to learn a lot of related subject matters in addition to their prescribed curriculum. One of such topic is speaking in sanskrit. Keeping these in mind a 10 days spoken sanskrit course of 40 hours (4 hours x 10 days) duration from 19.12.2022 to 29.12.2022 (10 days) was designed.

It was notified to enrol the name of the students in 10 days spoken sanskrit course. An orientation class about 10 days spoken sanskrit course and its benefits was also organized a week prior to the commencement of the course.

A total of 88 students of Semester-I, II (PG) were participated in the said 10 days spoken sanskrit course.

The entire course was only one component, i.e. theory classes. The time allotted for theoretical classes was 40 hours duration. Each of the eight teachers were given the charge of a single class. The teachers rectified the mistakes of the students if committed by them through instant feedback.

A written test with song, recitation, dance and acting was conducted to assess the students' success in the programme organized. Feedbacks about the uses of this type of 10 days spoken sanskrit course from the participants were taken. Finally certificates were distributed to the successful participants.

Summary Report

Swami Vivekananda was a key figure in the introduction of the Indian philosophies of Vedanta and yoga to the western world and was credited with raising interfaith awareness. He was a chief disciple of 19th century saint Ramakrishna and founder of Ramakrishna Math and Ramakrishna mission. The 160th Birth Anniversary of Swami Vivekananda is celebrated all over the country giving a message to the youth the way of life and ideas that will make India a better country in future.

Tamilipat Matruvidyalaya observed the National Youth Day (Online- through Google meet platform) with the primary aim of sensitization the students about the philosophies, principles and ideas, thus contributing to the development of the country. A lecture was delivered by Swami Shubharanandaji Maharaj, President, Tamkul, Ramakrishna Math and Ramakrishna mission on Importance of value based education in the light of new education policy.

The program was achieved great success with the presence of so many faculty members and students of the Tamilipat Matruvidyalaya.

REPORT ON SKILL DEVELOPMENT COURSE ON SPOKEN ENGLISH

Course Duration: Feb. 6, 2023- Feb. 10, 2023

Venue: Seminar Hall, Tamralipta Mahavidyalaya

Spoken English being an integral part of a student's personality development and employability in the careers of one's choice. The course was focused on developing the confidence of the participants and grooming them in the arts of public speaking and everyday conversation. Additionally, they were also groomed in Job-Interview skills, Group Discussions and Making a Professional Presentation.

The participants were given individual attention where their errors in pronunciation were addressed and they were given lessons in basic grammar in order to make them proficient in using English for effective communication.

The participants were asked to choose a topic of their own preference and speak on the same for 4-5 mins. Group Discussion sessions were held by dividing the participants into groups of 8 people and assigning each group a topic that they expressed familiarity with.

The participants were instructed with the help of ICT as PowerPoint Presentations and audio-visual aids were used to make the sessions dynamic and interesting.

No written Evaluation was held as the course was on Speaking skills. Thus the evaluation was done orally where each student had to engage in brief conversations with the examiners.

The feedback of the participants was taken at the end of the course and suggestions were invited from them about how the course can be improved further down the line.

The course ended with the Valedictory Session where the Principal, Dr. Abdul Motin, and the IQAC Co-ordinator, Dr. Priti Ranjan Pahari, congratulated the participants for the successful completion of the course and encouraged them to participate in more courses of similar nature that the institution would arrange in the future.

SOFT SKILL PROGRAMME
SUB : DTP & PROOF READING
SESSION 2022 – 2023

Aim of the programme

In this present era the 'Soft Skill' is an integral part of education. The Grammatical meaning of 'Soft Skill' means and include personal attributes that enable someone to interact effectively and harmoniously with other people. There are certain difference between soft skill and hard skill.

However in this part we will only concentrate our discussion regarding soft skill. The skill enrich the students their learning outcome. The learning outcomes are statements that describe what learners will be able to do or demonstrate for designing, Delivering and evaluating effective learning experiences. Especially for soft skill course. The soft skill are the interpersonal communication and self management abilities that help students work will with others and achieve there goals.

Although soft skill also play a vital role in other field such as leadership, team work communication and problem solving but our domain relates to –

- a) Bengali DTP
- b) Proof reading

Bengali DTP is use of personal computer to design bengali book and booklets that are intended to be printed by inkjet or laser printer. The students create documents like leaflets, this software better for complex page layout. It is used for editing and formatting. The student within a very short span of time by using the DTP may type and print the entire topic. It is very much helpful for present education system.

Proof reading – it ensure that the documents final drafts is completely free of grammar error as well as formatting and typographical error. The proof reading usually a very last self anybody take before reading of the final draft of printing work for publication.

SYLLABUS

1. Definition of DUEP
2. Bengali type, formats
3. What is proof?
4. What is the difference of proof reading?
5. Points of proof reading

AWAWARENESS PROGRAM ON "ORAL HEALTH AND HYGIENE"

Theme:

Many countries around the globe have been conducting health education and awareness programs in their educational organizations in order to provide awareness on personal hygiene, oral hygiene, suitable nutrition and environmental sanitation. Mouth serves as a mirror of the body and therefore, has a direct impact on general health. Oral health diseases are detrimental to the quality of life during childhood through old age and can have an impact on self-esteem, eating ability, nutrition, and health.

Preventive oral health education is in transition stage in India. Oral health knowledge creates a sense for each individual to adopt self-care practices but it is not necessarily related to better health behavior. In India Television Media reaches rural and urban areas. It plays the major role in creating oral health awareness. Under such consequence Tamralipta Mahavidyalya has also recognized the importance of such awareness programs and has taken a step forward to organize this seminar cum awareness program to train students and educators properly and also clarify doubts and misconceptions. The program aims to enrich students so that they can play an important role in raising the community's awareness in this perspective.

**SYNOPSIS OF AWARENESS PROGRAM ON
"ORAL HEALTH AND HYGIENE"
ORGANIZED BY**

**DEPARTMENT OF PHYSIOLOGY AND INTERNAL QUALITY ASSURANCE CELL
(IQAC), TAMBRAJITA MAHAVIDYALAYA**

DATE: 11.05.2023

SPEAKER:

Prof. Ranibas Chatterjee

Former President & Head, Department of Tumour Virology, CHCI, Kolkata

Introduction:

Highlights:

"Health is like money, we never have a true idea of its value until we lose it". It is my heartfelt pleasure to appreciate the honor extended to me to come and officiate at this Awareness Program. We have gathered here today to commemorate the benefits of a healthy mouth and to promote worldwide awareness of the issues around oral health and the importance of oral hygiene for everyone, old and young. The theme is "it all starts here. Healthy mouth, Healthy body".

Oral health is the state of the mouth, teeth and orofacial structures that enables individuals to perform essential functions like eating, breathing, speaking, and also encompasses psychosocial dimensions such as self-confidence, well-being and the ability to socialize and work without discomfort and embarrassment. Oral diseases encompass a range of diseases conditions that include dental caries, gum disease, tooth loss, oral cancer, etc. Oral diseases are among the most common non-communicable diseases worldwide, affecting an estimated 3.5 billion people. While the global burden of oral health conditions is growing, particularly in low-and middle-income countries, it is high time that awareness programs must be an integral part of academic bodies to educate future generations of the country and prevent the global burden from further rise.

International Dental Federation (FDI) calls upon all dental associations to develop activities and initiatives aimed at increasing awareness for oral health. I do hereby conclude with a glad note that our college IQAC in collaboration with Department of Physiology has taken the initiative to organize this awareness program for all stakeholders of this institute.

Inauguration:

The Seminar & Awareness Program commenced by welcoming all the delegates, eminent speakers and participants by Smt. Madhumita Neogi, Member, IQAC followed by the Welcome Address by Dr. Abdul Motin, Principal, Tambrajita Mahavidyalaya. Dr. Motin emphasized on the importance of awareness regarding oral health and highlighted the significance of oral health as it is the gateway to many disorders and diseases. Dr. Motin concluded his valuable speech and the platform was then left for the advisors' speech Dr. P.B. Pathan, Co-ordinator, IQAC besides a general highlight on oral

health Dr. Palani mainly focused on the healthy practices that can manage oral health. The platform was then given off to Dr. S. Sinha, Convener and Head, Department of Physiology. She mainly highlighted on the theme of the awareness program and its urgency in day-to-day life. Following her speech the session was over to the Speaker, Dr. Ranidas Chatterjee.

Session:

Dr. Chatterjee in his lecture addressed the audience mainly regarding the concept of oral health and how oral health can be compromised. He highlighted the tips of maintaining good oral hygiene. His area of focus was also on the malpractices among individuals regarding smoking and use of dry tobacco, pan masala, gutka etc and their deleterious impact upon oral health. He also informed the audience about the gradual genetic changes that take place due to use of such substance and how it can give way to the development of cancer. His topic also covered a major area regarding cancerous changes within oral cavity and the early signs of detection. Overall his lecture concluded with the best practices of oral health and how to maintain a healthy lifestyle.

Post lecture there was the interactive session where questions from participants were placed to the speaker and exchange of views were successfully carried out.

The program was concluded with vote of thanks from Dr. Subhashree Basu, Assistant Professor, Department of Physiology. Vote of thanks was extended to the eminent speakers for sharing their valuable scientific outlooks, Dr. Saumen Kumar Mahapatra, President, Governing Body, Tamralipta Mahavidyalaya, Dr. Abdul Motin, Principal, Tamralipta Mahavidyalaya, Dr. Prat Banjan Palani, IACD Coordinator, Tamralipta Mahavidyalaya, and lastly all the faculty members and students of Tamralipta Mahavidyalaya.

Report on the ADD-ON Program: "Preparation of Presentations using MS-Powerpoint"

An ADD-ON program titled "Preparation of Presentations using MS-Powerpoint" was conducted from May 22, 2023, to May 28, 2023, during the summer recess at the Department of Economics. All eleven 2nd-semester students from the Economics Department participated in this program, which concluded successfully. The program consisted of both theory and practical classes, following a predefined timetable. At the conclusion of the course, internal theory and practical examinations were conducted to assess the participants' knowledge, and all students achieved satisfactory scores, earning good grades. During the valedictory session, certificates were awarded to all participants, and we expressed our gratitude to the resource persons, namely Prof. Mahua Roy and Mr. Rajib Kumar Datta, for their dedicated course delivery. It's worth noting that the students sacrificed their summer recess to attend this course. As a point of reference, all colleges under Vidyasagar University observe a summer recess from May 16 to June 30 each year.
