## POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

Tamralipta Mahavidyalaya is committed to manage energy in such a systematic way so as to minimize its impact on the environment. The Environment and Energy usage policy of the College implies to explore the renewable energy resources to reduce the burden of the government and to find out substitute/alternative natural resources as solutions to the energy crisis.

This environment and energy Policy is binding for all the components of the institution and applies to all its participants and to the various activities undertaken by the institution. It will help us to implement efficiently environmental awareness for conservation of natural resources and to limit its usage.

### **Policies:**

- To install solar panels for the generation of alternate energy.
- Turn off your monitor when you leave your table. Whenever possible, shut down rather than logging off.
- Turn off unnecessary lights and use daylight instead.
- Use LED or compact fluorescent bulbs as much as possible.
- Switch off lights, fans in conference rooms, classrooms, lecture halls when they are not in use. Avoid the use of decorative lighting.
- Use the fans only when they are needed.
- Do Not turn on Air-Conditioner unless it is urgently needed
- To reduce local air pollution emission using bicycles, public transportation and use of pedestrian – friendly roads.
- To undertake tree plantation drive.
- To encourage use of advanced technology to minimize energy consumption, atmospheric emission and noise.
- To assess our energy usage and measure its impact on the environment.
- To monitor and respond to emerging environmental and energy issues. To strengthen our employees' and students' environmental knowledge and skills in order to improve our own environmental performance.
- To provide information and training opportunities on energy saving measures.
- To offer opportunities for employees and students to engage in initiatives which contribute to environmental protection.
- To engage students to undertake corrective measures through compulsory involvement in Environmental Projects

### **Objectives:**

- To sensitize the students and the staff to minimize the use of polluting products and use environment-friendly products and services.

- To instigate the importance of cleanliness for our environmental health.
- To Create awareness about environmental issues by organizing Events, Awareness Campaigns, Cleanliness Drives, Seminars, Workshops, presentations, Tree Plantation Drives, Rangoli Competitions, Essay Competitions, Excursions, Study Tours, Unnata Bharat Abhiyan, etc.
- To make students and staff aware about raising voice against the hazardous practices destroying Nature and promote environment friendly practices in the society.
