Policy Document on the Green and Clean Campus

Green Campus:

A Green Campus is a place where environment friendly practices and education combine to promote sustainable and eco-friendly environment in the campus. This initiative offers the institution an opportunity to modernize its environmental culture that develops new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

Clean Campus:

'*Cleanliness is next to Godliness*' is the common proverb which promotes us to maintain cleanliness in our daily lives to get the feeling of well-being. It highlights the importance of cleanliness in our lives and teaches us to follow the clean habits all through the life. Cleanliness brings feeling of physically, mentally and socially well-being and helps to make good personality and thus good impression on others. Tamralipta Mahavidyalaya believes that motto and acts accordingly through its dedicated team of skilled workers. The drive motivates the students and staff for keeping the campus clean.

Mission:

To create environmental consciousness among the students and staff as well as the society. The greater aim is to promote activities to protect the planet earth from the unscrupulous human invasions for a sustainable, pollution-free, clean and green healthy life ahead.

Objectives:

- To sensitize the students and the staff to minimize the use of polluting products and use environment-friendly products and services.
- To instigate the importance of cleanliness for our environmental health.
- To Create awareness about environmental issues by organizing Events, Awareness Campaigns, Cleanliness Drives, Seminars, Workshops, Presentations, Tree Plantation Drives, Rangoli Competitions, Essay Competitions, Excursions, Study Tours, Unnata Bharat Abhiyan, etc.
- To make students and staff aware about raising voice against the hazardous practices destroying Nature and promote environment friendly practices in the society.
