

All we pay different types of taxes. Some of these are direct taxes and some are indirect taxes. It is very important for a commerce student to have knowledge about the Indian Direct Tax System. But, having only theoretical knowledge in the subject is not sufficient to develop a career as successful Tax Consultant. For becoming a successful tax consultant a student must have theoretical as well as practical knowledge about direct tax. So, to develop a successful tax consultant in the field of direct tax department of commerce has introduced an add on course on the topic of Direct Tax practice and Return Filing (Income Tax). After completing the course the students can developed themselves as a tax consultant.
