Policy Document on Weekly No Petrol Day

Green Campus:

A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly environment in the campus. This initiative offers the institution an opportunity to modernize its environmental culture that develops new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind.

The “No Petrol Day” once a week is the initiative to reduce consumption of fossil fuel and thereby reduce environmental pollution. This step carries a message to the students and thereafter to the society that the Environment should be protected at any cost. A small step can do large if a large number of people participate in the movement. Tamralipta Mahavidyalaya declares **every Saturday as weekly “No Petrol Day”**. No vehicle can enter into the campus in this particular day of each week. The staff as well as students will use public transport and bicycle or walking mode whichever will be convenient for them on Saturday. The aim is to reduce the dependency of automobile to bring down the pollution levels.

Objectives

- To sensitize the students and the staff to minimize the use of polluting products and use environment-friendly products and services.
- To instigate the importance of keeping our environmental health strong.
- To make students and staff aware about raising voice against the hazardous pollutants destroying Nature and promote environment friendly practices in the society.
- To reduce dependency of fossil fuel in our daily life.
